Product Summary

Single serving water enhancers are a discreet and delicious way to medicate. Simply add to a 500ml bottle of water and shake to mix. Each serving contains 50mg of winterized BHO. Available in Fruit Punch, Cherry-Blackberry, Peach-Mango and Strawberry-Kiwi. Onset is typically much faster than edibles.

Product Description

Single serving water enhancers are a discreet and delicious way to medicate. Simply add to a 500ml bottle of water and shake to mix. Each serving contains 50mg of winterized BHO. Available in Fruit Punch, Cherry-Blackberry, Peach-Mango and Strawberry-Kiwi. Onset is typically much faster than edibles.

Ingredients: Water, natural and artificial flavours/colours, cannabis tincture, citric acid, sea salt, gum arabic, sucralose, sodium benzoate. Processed in a facility that also processes nuts.
